Organ update: the Diocesan organ adviser has had a good look at our organ and he felt it was not worth continuing with current repairs. He recommended sourcing a redundant organ, with electric action, and utilising the parts. We would not need a console as ours is perfectly sound. He will help us with the sourcing but at this stage we have absolutely no indication of the cost.

Welcomers at 4.30pm: it would be a great help if those welcoming at the 4.30pm service were also to act in effect as a Duty Warden. This is just to make sure everyone is there to fulfil their task by telephoning them earlier in the week. Mainly this would just be Coffee and AV helpers. This is particularly important at the moment as we have no Administrator.
